### **Activity Description**

Indeed a half day well spent with lots of goods and cherished memories for all the volunteers and NCC Cadets of MIMT at Desire society. MIMT organised a visit to an NGO Desire Society at Sector-92 Noida as a part of CSR activity. It was a two-storey building with a garden out in the front and a small temple just on its east boundary. At Desire Society there were children of various ages who either have no family or have lost their families in natural calamities. A visit to an orphanage was a life-changing experience as it was filled with emotions and sentiments. There was a common room where the children, both boys and girls ranging from the ages of 3 to 21 years, were seen. Some of them were indulged in watching the television, some were sipping soup from their bowls, some girls were busy playing with their dolls, and others were staring at us. Students got the opportunity to spend half a day with the kids of Desire Society and they opened up their hearts, donated and contributed generously to the kids many things like T-Shirts, chocolates, stationery, and biscuits. They were more elated when they received the stationery and chocolates from us.

**Objectives-**objective of an orphanage visit is to provide the children with enough love and care in order for them to feel loved and be happy. To support children in need of care and protection and to help destitute, poor, neglected, needy, and orphan children.

**Outcome of Visit-**After visiting the orphanage, students started appreciating the little things in life when they saw people who don't have them. Students came back home with not only memories but also some valuable lessons.
