Objective	To make students aware of language it important part of cultural heritage. To give respect to our Mother Language and keeping it alive through written and oral communication
Content	Mother Language Day or Matribhasha Diwas is observed every year on February 21 to promote linguistic and cultural diversity and multilingualism around the world. To promote language harmony Mangalmai Institute of Management and Technology celebrated this day and organized students' symposium. The special thing about this event was students were allowed to deliver their speech in their mother language. There were lot of students who delivered in Hindi but entries were also in language like Bengali & Punjabi. It was such a beautiful scene during the competition that we all witness mini INDIA through different language of India.
Outcome of Activity	Management Students participated in Speech competition, very enthusiastically and we all celebrated the different language of India and Hindi. Students also learnt India core value of <i>Unity In Diversity</i> .
