Mangalmai Institute of Management Technology

Greater Noida (U.P.)

Chairman's Message

We had a dream to establish an institution which may decode the changing requisites of corporate world, engineering behemoths and research organizations for the fruitful development of current generation, since it is radically different from what was required of Generation X, decades back. "MANGALMAI" as an institution has been diligently working in turning this dream in to robust reality. In order to provide world class education to the future technocrat's business leaders & academicians, the institute constantly endeavors to provide the needful for the goal of par excellence and holistic education. Together, we can make this nascent temple of learning a center of excellence with an incredible saga of excellence and achievement. "MANGALMAI" believes that, the only 'mantra' of making this Institute great is working together (management, faculty, students and civil society) with a unified vision and uncompromising mission.

Let the immortal lines of Robert Frost inspire us:

"The woods are lovely, dark and deep but I have promises to keep and miles to go before I sleep and miles to go before I sleep." We look forward to welcoming you to the Mangalmai world of premier education, career, and talent.

Best Regards

ATUL MANGAL
