Mangalmay Institute of Management Technology

Greater Noida (U.P.)

Chairman's Message

We had a dream to establish an institution which may decode the changing requisites of corporate world, engineering behemoths and research organizations for the fruitful development of current generation, since it is radically different from what was required of Generation X, decades back. "MANGALMAY" as an institution has been diligently working in turning this dream in to robust reality. In order to provide world class education to the future technocrat's business leaders & academicians, the institute constantly endeavors to provide the needful for the goal of par excellence and holistic education. Together, we can make this nascent temple of learning a center of excellence with an incredible saga of excellence and achievement. "MANGALMAY" believes that, the only 'mantra' of making this Institute great is working together (management, faculty, students and civil society) with a unified vision and uncompromising mission.

Let the immortal lines of Robert Frost inspire us:

"The woods are lovely, dark and deep but I have promises to keep and miles to go before I sleep and miles to go before I sleep." We look forward to welcoming you to the Mangalmay world of premier education, career, and talent.

Best Regards

ATUL

MANGAL

Mangalmai Institute of Management Technology

Greater Noida (U.P.)

Vice Chairman's Message:

To meet the challenges of the global and competitive environment, we all as individuals and as institutions have to make a Trans cultural impact. The need of the hour is to prepare men and women as change masters, with a passion for innovation and ability to lead in the challenging environment. The Mangalmai Group was started in 2002 with the intent to impart quality education in the field of Management, Engineering, & Education to equip young people with knowledge and skills, which would enable them to make meaningful contribution to the society. Knowledge workers who can work at the cutting edge of technology, add value to the bottom-line, and provide competitive advantage to an organization. I am very happy that, at Mangalmai, we are working tirelessly to fulfil this mandate and has since grown from strength to strength, claiming its position among top colleges in the Country. Programs at the Institute, with their sustained quality, both in terms of content and delivery, has contributed to our institutes' entry into the top league of Business, Engineering & Education Institutes in India. Institute prepares its students for successful lifetime careers and will continue in its endeavor towards par excellence in future as well. Holistic education through academic excellence, innovative approach & global relevance continue to be the corner stones of our educational philosophy. I am confident that these four will continue to be the determinants of the teaching-learning process.

Best wishes

Er. Aayush Mangal

Mangalmai Institute of Management Technology

Greater Noida (U.P.)

Principal's Message

The Mangalmai Institute of Management Technology, since its inception, nurtures business leaders, technocrats & academicians with skills and knowledge that are contemporary and meet industry needs on the face of rapid changes taking place at the national & global arena.

MIMT strives to create strong foundation through imparting education which contributes to the holistic development of a responsible individual in the society.

MIMT's constant endeavor is to provide an excellent learning experience to our students, through our curriculum and pedagogy, which enable them to understand the challenges of execution through innovation, in the global context while being firmly grounded in the social realities. MIMT is constantly developing and evolving to meet anticipated future demands.

MIMT's programs, faculty members, and students bring a unique international perspective to forge meaningful partnerships with industry. Whether you are a student beginning your under graduation or an experienced one, you will appreciate the opportunity to study year-round and to choose specialized contents that are relevant to your career goals.

Over the years our students have strengthened our unwavering belief in their potential to create a brighter future for themselves and the country.

Principal

Significant contributions made by IQAC

- Enriching the curriculum with add on certification courses.
- Sensitizing the students towards socially conscientious attitude
- Organizing Workshops & Seminars
- Holistic development of students through Extracurricular Activities such as Cultural & Sports Events
- Organizing National Conference, FDP & Professional Development Programs

Best Practice of the Institute

I Best Practice

Title of the Practice:

Developing the students for the Society and Nation through Extension & Outreach Programs

Objectives of the Practice:

- To sensitize students to identify and address social issues.
- To sensitize the community to social issues and solutions thereof.
- To develop character, discipline, comradeship, secular outlook, ideals of selfless services and adventure spirits amongst large numbers of young citizens.
- To create a pool of trained, organized and motivated youth with various leadership qualities in every walk of their life and serve the Nation irrespective of career they choose.

The Context:

Poor access to health care and hygiene facilities, education and/or livelihood opportunities lead to disparity and result in an underprivileged/vulnerable section of the society. Students may act as a change agent where they can be developed for the betterment of the society. Therefore, it was

Mangalmai Institute of Management Technology

Greater Noida (U.P.)

decided to provide more and more opportunity to students through Extension & Outreach Programs who in turn will further make other people aware and sensitize them for the nation duty.

The Practice:

MIMT organizes a number of extension activities in the institute-neighborhood community to sensitize the students towards community needs. The students actively participate in such activities leading to their overall development. Student Welfare Committee, Fitness Club, UHV Cell and Internal Complaint Committee undertake various activities like:

- Cloth donation drive Samvedna
- "Warmth and Wellness: Blanket, Sweater, and Sanitary Pad Distribution Initiative"
- Scout & Guide Camp
- The Rastriya Ekta Divas (National Unity Day) , Pledge , Rally for unity
- Awareness Programme & Plantation drive on National Pollution Day
- Awareness Drive on "Water Conservation" on the occasion of "World Water Day".
- World Environment Day (Awareness drive through posters and Tree Plantation)
- Constitution Day
- Armed forces Flag day
- World -No Tobacco Day
- Innovation & Entrepreneurship Outreach Program in School
- Earth Day: Tree Plantation drive
- NCC Day Celebration
- Sweater Distribution
- Say No To Plastic
- Awareness Programme on Shram Daan
- Elimination of Violence Against Women
- Computer Literacy Programme
- World Earth Day : Plantation Drive
- International Literacy day, Stationary Distribution Drive
- Children's Day , Toy donation drive
- World Poverty Day , Clothes Donation Drive
- Awareness Programme on World Sustainable Energy Day

Evidence of Success:

All these mentioned activities have positive impact on the students and it developed student community relationship, leadership skill and self-confidence of students. It also helped in cultivating hidden personality of students and created awareness among students towards societal issues and solutions thereof. Besides, institute has been awarded 08 participation/recognition certificates.

II Best Practice

Title of the Practice:

Add On/ Value Added Certification Program

Mangalmai Institute of Management Technology

Greater Noida (U.P.)

Objectives of the Practice:

- To identify the gap between industry and academia & strengthen the curriculum prescribed by the affiliating University.
- To provide the technical training which helps them to have a practical exposure
- To provide an opportunity to students to develop inter-disciplinary skills.

The Context:

Institute being affiliated college follows the curriculum as prescribed by the University. However, the integration of the Add On/ Value Added Certification Program with the curriculum focuses on leveraging the skills of future professionals so as to meet the demands of today's dynamic business environment. Such programs complement student learning and prepare them for the challenges of professional life. These programs give students a more holistic perspective, so that they can better understand current industry demand & challenges and equip themselves with innovative and creative skills through a wide range of course offerings. This requires rigorous efforts by the institute to identify the gap between the curriculum provided by the university and demands of the corporate. Henceforth, identification & execution of add on certification program and their syllabi in capsular form are a big challenge while designing and implementing this practice.

The Practice:

The institute receives the feedback from the students, faculty, alumni and employer. One of the important features of this feedback is inputs on the Add On/ Value Added Certification Program. The analysis is put up in the Feedback Committee by the HoD comprising of external and internal experts and later on in the Academic Development Committee and IQAC to finalize and incorporate the Add on Certificate program for the forthcoming session. The Syllabi of Add on Certification Courses which are to be retained or added are presented for the inclusion or deletion of the topics in the courses. Inputs from the subject experts of industry and academia are discussed in length before finalizing them for their execution. Conducting the program, attendance, evaluation and awarding of certificates are as per the defined policy on Add on/ Value Added Certification Programs. In the academic year 2022-23, following add on certification programs have been offered:

S.No.	Add On Certification Program
1.	Big Data Analytics and its Applications
2.	Blockchain and its Applications
3.	Introduction to Python Programming Language
4.	Introduction to Data Science, Artificial Intelligence & Machine Learning
5.	Hardware Assembly and Networking
