Objective	• The aim of Coding Competition is the best way to show the Talent. • To encourage the students to think out of the box and to inculcate the idea in the most effective way.
Content	Department of Computer Applications organized a Coding Competition in association with ICC on Friday, December 7, 2022 to enhance the problem-solving skill, abstract thinking among students. Leaning to write programs stretches your mind, develops analytical skills, reasoning ability, logical ability and helps you think better, creates a way of thinking about things which is helpful in all domains. With this motto the competition was conducted. The whole event was organized from 2:00 PM to 4:30 PM. Vice Chairman of Mangalmay Group of Institutions, Mr. AayushMangal, and Dean Mr. Abhay N. Tripathi inaugurated the event with his words and motivated the students for performing with whole heart in the competitions. Also, he highlighted the importance and necessity of coding in students. Students from all the years participated earnestly and with great enthusiasm. Event Coordinator was SurajShukla. Coding Competition was conducted in Computer Lab-1 in 2 batches. Two problems were given to the students and within 45 minutes they have to come up with the solution.. The judgment was purely unbiased and was based on the pre-defined rubrics. Total numbers of participants were 57. Harsh from BCA I year and Arvind from II-year were winners of the day.
Outcome	The students are able to learn how code in a limited time efficiently.
