Report	
Name of Activity	Plantation Drive on the occasion of National Pollution Day
Date	2 nd December, 2022
Venue	Seminar Hall
Organized by	Eco Club & IIC of MIMT
No. of Beneficiaries	262 BBA and B. Com Students
Resource Person	Mr. Ramveer Singh (Social Worker)
Activity In-charge	Neha Dhingra, Assistant professor, MIMT
Objectives	The objective of the Plantation Drive on the occasion of National Pollution Day is to raise awareness about environmental conservation and combatting pollution by actively contributing to increasing green cover. This initiative aims to engage communities and individuals in planting trees to mitigate pollution, improve air quality, and enhance the overall environmental health. By organizing such drives on National Pollution Day, the goal is to emphasize the importance of collective action in addressing environmental issues, encouraging sustainable practices, and fostering a sense of responsibility towards safeguarding the planet. Additionally, the plantation drive serves as a tangible step towards creating a more sustainable and eco-friendlier environment for current and future generations to thrive in.
Content	National Pollution Day was celebrated in Mangalmai in collaboration with Eco Club and IIC on 2nd December, 2022. Mr. Ramveer Singh (Social Worker) in the memory of "The Bhopal disaster, also referred to as the Bhopal gas tragedy" delivered a lecture, he encouraged the students to plant trees at their places to contribute towards pollution control and improve air quality, college has taken initiative to plant more trees in the campus and the nearby places. As an effective step taken towards the conservation of our environment, Mangalmai started an initiative in the form of a Tree Plantation Drive on 2 nd December 2022 in its own area and planned to plant at least 50 trees in a year and conserve them. The volunteers planted trees. These trees include Amla, Nimbu, Neem & Tamandus Indica etc. Some volunteers were assigned the task to give water and few of them digged a pit to plant saplings.
Outcome of Activity	It educated participants on pollution's impact while emphasizing trees' crucial role in mitigation. The event fostered community engagement, instilling a sense of responsibility for sustaining the newly planted trees. Overall, it ignited a collective commitment to ongoing environmental care and conservation efforts beyond the event.
