Content	<p>The earliest known evidence of the phrase spelling bee in print dates back to 1850, although an earlier name, spelling match, has been traced back to 1808. A key impetus for the contests was Noah Webster's spelling books. First published in 1786 and known colloquially as "The Blue-backed Speller," Webster's spelling books were an essential part of the curriculum of all elementary school children in the United States for five generations.</p> <p>A spelling bee is a competition in which contestants are asked to spell a broad selection of words, usually with a varying degree of difficulty. To compete, contestants must memorize the spellings of words as written in dictionaries, and recite them accordingly.</p> <p>Keeping this in view Ek Bharat Shreshtha Bharat (EBSB) Club, MIMT organized Spell Bee Competition on 12th October, 2022. The activity was coordinated by Ms Vandana.</p>
