Report	
Name of Activity	National Technology Day 2023
Date	16 May, 2023
Venue	Classroom
Organized by	Institutions Innovation's Council (IIC)
Convener	Dr. Meenakshi Sharma
Coordinated by	Mr. Vibhanshu
No. of Participants	45
Objective	The aim of the session to highlighted the importance of National Technology Day.
Content	<p>Every year on May 11, National Technology Day is observed to honor technical achievements in India. May 11 has been designated as National Technology Day by the Indian government to recognize India's technological prowess throughout history. The day itself is significant since it marked a significant technological advancement for India. From Bangalore, the "Hansa-3" the first indigenous aircraft, was test flown. On the same day, India carried out three successful nuclear tests at Pokhran in Rajasthan in addition to a successful test firing of the Trishul missile. India only successfully tested five nuclear-powered bombs on May 11, 1998, in Pokhran, Rajasthan, to show off its defensive prowess. This is considered to be one of the key events in Indian history.</p> <p>With a view of considering technological advancement in India, Mangalmai Institute of Management & Technology under the umbrella of Institution's Innovation Council organized an activity to celebrate National Technology Day 2023. The activity highlighted the role of technological advancement at individual and institutional level. The activity embark its beginning with the opening address by IIC Convener who mainly highlighted about the technological advancement in India. Thereafter, students given multiple presentations highlighting the role of technology including Chat GPT, Machine learning and Artificial Intelligence. The presentations of students were praised by the faculties and other participants. The activity ended with a good note and vote of thanks was given by IIC Co-ordinator.</p>
Outcome of Activity	Students aware about the different career options and the required skills for career development.
